DIFFICULTY

Easy

SUPPLIES

empty Moccona jars,
assorted sizes

paint marker, or acrylic paint
and a small brush

label text printed on paper,
trimmed to size

masking tape

blue tack

METHOD

1. Remove labels from empty Moccona jars.
Wash and dry jars well.
2. Place trimmed label printouts text-side-down
on the table. Affix a small piece of tape
to the top edge.
3. Carefully position the paper inside the jar so
the label text shows through the glass.
Secure with additional pieces of tape if
desired.
4. Use the paint marker to trace the text onto
the outside of the jar. Once paint is dry,
remove paper and tape from the inside.
5. Repeat with remaining jars, and fill with
bathroom supplies.
